

# L&G NTR Clean Power (Europe) Fund

Taking action to tackle the climate emergency together.

Trattberget wind farm (NTR), Örnsköldsvik, Sweden

€16.8 trillion of investment by 2025 is needed to achieve global net zero emissions<sup>1</sup> and we see European clean energy infrastructure as an essential investment. Delivered in partnership with sector specialist NTR, the L&G NTR Clean Power (Europe) Fund aims to offer exposure to a diversified portfolio of clean power assets, with attractive risk-adjusted returns and positive environmental and social impact.

## SFDR categorisation: Article 9

### Reasons to invest:

#### High growth opportunities from Europe's energy transition

The European energy transition represents a €840 billion opportunity<sup>2</sup> for investors looking to deploy capital into sustainable infrastructure that will drive Europe's decarbonisation. Supported by Europe's Green Deal, we believe the region provides a rich arena of diversified opportunities across an integrated clean power system.

#### Stable cashflows from a mix of clean power projects

We believe investing in this opportunity requires striking the right balance between attractive long-term returns and immediately available cash yields by mixing development, construction and operational clean power assets.

#### Delivered in partnership with an experienced and highly respected clean power specialist

LGIM and NTR are joining forces to tackle the climate emergency by accelerating the deployment of institutional capital into the European energy transition. The Fund provides a combination of portfolio-management rigour with expertise across the full lifecycle of clean power projects and an extensive pipeline of real assets.

### Fund facts:

#### Investment objective

The strategy aims to deliver risk-adjusted returns underpinned by a stable cash yield from a portfolio of diversified clean power assets in Europe.

#### Target IRR (net)

7-8%

#### Target average running cash yield (net)

c. 6%

#### Target size and currency

€800m, Euro denominated. Co-investment opportunities available

#### Target investment geography

Europe

#### Fund life

10 years

#### Leverage

Target 50%

#### Target investment period

4 years

#### Fees

0.5% on committed equity  
1.25% on deployed capital in investment period; 1% on deployed capital thereafter

#### Carry

15% share over 6% hurdle

#### Launch date

Initial close achieved Q4 2022

#### Fund structure

Luxembourg special limited partnership qualifying as a RAIF

## Benefits of the LGIM-NTR partnership

Two unique companies combining to tackle the climate emergency together

Bringing together the trusted stewardship of LGIM with the specialist expertise of NTR to access the €840 billion<sup>2</sup> European energy transition.

The opportunity to invest alongside L&G's balance sheet which was the cornerstone investor in NTR's first two clean power funds.

NTR's specialist in-house engineering team with pan-European experience, adds value across acquisition and construction through to asset management.

## Investment approach grounded in our shared commitment to ESG

At the forefront of the battle against climate change, both LGIM and NTR are experts in responsible investing and are aligned in taking investment stewardship seriously. These commitments are embedded in both our approaches to investing in, building and financing real assets, whilst delivering a measurable impact.

### LGIM

Ranked 4th out of 77 asset managers, receiving an A grade, for our approach to responsible investment by NGO ShareAction<sup>3</sup>

A recognised leader in responsible investing with €1.195 trillion of external assets under management<sup>4</sup>, LGIM has been selected as part of the UN PRI's leaders group on climate change

Ambitious targets to embed sustainability – both L&G Group and LGIM have committed to net zero emissions by 2050

### NTR

Ranked as A+ ESG performer in UN awarded a five star rating in Investment and Stewardship Policy in UNPRI 2021 Assessment Report and is a signatory to the UN Principles for Responsible Investment (PRI)

Over 20 years' experience of investing in and operating clean power assets, managing projects in over 45 locations across the UK and Europe, with approximately €1bn of total capital deployed

Developed, constructed and operated close to 3GW of wind, solar and energy storage projects across Europe and the US

Hale Solar Farm (NTR), Dorset, England
